

What is on the beach?

Maxaa bada xeeligeeda laga heleyaa?

Acorn Barnacle

Shore Crab
Ceesaan Xeebeed

Pacific Mussel
Eleeli

Hermit Crab
Ceesaan Koofiyad leh

Mossy Chiton

Dog Whelk
Qolof

Butter Clam

Aggregating Anemone

Red Rock Crab
Ceesaan Dhagax Cas ah

Purple Sea Star
Xidigtá Bada oo Soosali ah

Orange Sea Cucumber

Moon Snail (and egg collar)

These unique species adapted to live in and out of water based on the tides. The higher they are on the page, the more you can find them higher on the beach in shallow water, starting in the splash zone.

Noolayaashan gaarka ah waxay la qabsadeen nolosha biyaha dhaxdeeda iyo banaankeeda taas oo ku xidhan mawjada. Inta xaga sare boga kaga qoran, waxa aad ka heli karaa bada xeeligeeda oo sare ee biyaha fadhiya, oo ka bilaabma aaga la iska soo daayo.
