

# Learn About Your Child's Recent Field Trip to the Beach!

## What did your child do?

Your child learned about plants and animals they might meet at Seahurst Beach. They also used their field guides to fill in cool facts about the organisms on the beach.

They then visited Seahurst Beach and saw organisms that are normally underwater—uncovered by the low tide! During the field trip, your child made observations, discovered new organisms, and became official Beach Heroes!

## OFFICIAL BEACH HERO

ENVIRONMENTALSCIENCECENTER.ORG

ENVIRONMENTAL SCIENCE CENTER

- \* **S**tep carefully
- \* **T**ouch gently with two wet fingers
- \* **A**nimals stay where you find them
- \* **R**emove only trash
- \* **S**hare what you learned!

## Want to visit the beach at low tide?

Go to <https://envsciencecenter.org/learn/>

- There are many days this summer where the tide will be low during the day (see the highlighted dates in the calendars on the right). Go to our website and look up the **TIDE CHART** for more details on times!
- Download the **MARINE LIFE IDENTIFICATION GUIDE** to help with your discoveries.

And remember to be beach **STARS** when you visit!!

Your child's experience was made possible by the generous gifts of people just like you! Funding also comes from:

The Puyallup Tribe

This project was partially funded by a South King County Fund Environmental Grant from the Port of Seattle.

Horizons Foundation

## Learning for the entire family!

Located at Seahurst Park in Burien, we not only offer classroom programs, but free family programs for all ages! Check out our upcoming programs at
